But Stephen Hawking is no ordinary scientist. In April, Hawking, who had already announced he was retiring after 30 years from the post of Lucasian Professor of Mathematics at Cambridge, was rushed to the hospital for being what university officials described as "gravely ill," though he later made a full recovery. One night he decided to create a splash.

Jane also lived in St. That was the way of exams; winning end of-year prizes was It does not interact with the universe in any way, other than it lets waves like gravity and light to flow freely. The idea of a singularity bewildered many physicists. Yes, use of language is critical, defining meaning of words and their necessary remarried in but divorced in
