At its foundation is a belief that ICT non-use practices shared among group members can be viewed as artifacts that make political ambitions observable to researchers. They still have shown a great deal of restraint toward modern devices. But I've been so curious how the story turns out all these years later! The man set a suitcase on the floor by the door, but stayed where he stood as if he doubted her sanity and his safety from a half-crazed Amish woman. This Syrophenician woman, like Shatha in her context, stands in the fullness of her humanity. Intellectuals loved the Mithilan air, wafting with the fragrance of knowledge and wisdom. Like stressed blank, not regular blank. I want to save a bunch of starters in the and my mother also enriched interviews by adding spice to conversations and asking questions I did not think of in the moment. I could participate without understanding words in the conversation because I was part of the group - it was about the group, not about me.
