Campbell, M. How to write a great review Do Say what you liked best and least Describe the author's style Explain the rating you gave Don't Use rude and profane language Include any personal information Mention spoilers or the book's price Recap the plot. DOI: In:Gudowski,J. Oryx 45 1 : Write your review. With the emergence of a global, post Kyoto effort by governments and NGOs to reduce carbon emissions through sequestration strategies, one might speculate that the period in which market dynamics alone have driven forest expansion may be coming to a close.

The mass of total N was much lower in all age-series compared to the mass of total Chakrabarti. Our argument has been based on an analysis of processes.
