Very quickly the entire debate came down to a discussion of right versus wrong. This sparked her exploration of how to attend to SEDTL as an educator and the realization that no one was working to embed this lens in teacher training programs, something that had the potential to create systemic change. Faculty must, however, regularly audit the program to ensure that it is, in reality, serving all students. Pleasechoosewww. Some students derive this sense from their work as teacher helpers, student council representatives, or as athletes. Some understand the material better, interpret it differently, finish at different times Rewey, Reducing the Risk: Schools as Communities of Support.
